

## **Required Public Disclosures for Waivers in Connection with the Medicare SharedSavings Program**

The Centers for Medicare and Medicaid Services and the U.S. Department of Health and Human Services Office of Inspector General have provided certain waivers of federal fraud and abuse laws in connection with the operation of accountable care organizations that have entered into a participation agreement under the Medicare Shared Savings Program (“MSSP”). See 80 FR 66725.

In order to receive the benefit of the ACO Participation Waiver, the Board of Managers of USMM Accountable Care Partners, LLC (“ACO”) made a bona fide, detailed determination that the following arrangement between the ACO and Enlivant Master Management Company, LLC, (“Enlivant”), a participant in the ACO (that arrangement, the “Arrangement”) is reasonably related to the purpose of the MSSP and is publicly disclosing the Arrangement in accordance with the requirements of the MSSP.

Enlivant will provide patient fall risk assessment services to the ACO and jointly develop and implement guidelines for responding to resident clinical emergencies that are designed to improve care coordination, quality, cost, and overall patient care. ACO will reimburse Enlivant for services provided.

The governing body of the ACO authorized the application of the ACO Participation Waiver to the Arrangement on July 22, 2022, following a determination that the Arrangement supports the goals of the ACO and is reasonably related to the purposes of the MSSP. Specifically, the Arrangement:

1. Promotes evidence-based medicine and patient engagement;
2. Promotes care coordination;
3. Contributes to meeting the quality performance standards of the Shared Savings Program; and
4. Promotes evaluating health needs of the ACO’s assigned population.

The ACO will publicly disclose additional arrangements that qualify for the ACO Participation Waiver as they are authorized by its governing board on this website, in compliance with CMS’s public disclosure requirements.
